POPE FRANCIS ON X

Sep 21: Heads of State will either work for peace or they will not, and they will be judged by history. Our task is to spread love and vanquish hatred with our daily actions. This is what we can do to change the world. #Peace

Sep 21: #Peace is built not with weapons, but through patient listening, dialogue and cooperation. These are the only means worthy of the human person to resolve our conflicts.

Sep 21: Let us #PrayTogether that medical science may soon offer treatment options for #Alzheimer's disease. May more projects be created to support patients and their families. #WorldAlzheimersDay

Sep 21: The accumulation of wealth is exalted as a virtue. But wealth is meant to be shared, to foster fraternity. #PopularMovements

Sep 20: Though the world frequently tries to convince us that we are valued only for what we can produce, the #Gospel reminds us of the truth of life: we are loved by God.
